SIR,

SUBJECT - Acquisition of a portion of Door No 4 Benson Road for improving the junction of Benson Road and Harris Road, Civil Station, Bangalore.

With reference to the Government Notification No L 11124 C M 6-51-40 dated the 7th January 1952 authorising me to hear objections under section 5(A) L A Act on the above subject, I writ to state that a notice under section 4 L A Act was issued to the owner of the property, calling for objections if any, under section 5(A) L.A Act In response, Mr G M Martin filed an objection petition on 20th February 1952 stating that there were hardly any vehicles moving now as the Military Camp at Bidarehally was completely removed, and the junction now proposed to be improved became unimportant from the traffic point of view, and as such there was no need to have the very wide road on either side of the Island by acquiring his property (A copy of the objection petition enclosed) The said petition was referred to Corporatio Engineer for a report on the 14th April 1952 the spot was inspecte by me along with the Corporation Engineer, I am of the opinion that the proposed acquisition is not necessary at present

The objection petition of the owner along with my opinion was placed before the Standing Committee (Town Planning and Improvements) held on the 29th April 1952 for reconsideration.

P T.O

reconsideration, wherein it was resolved to re-iterate the previous resolution of the Committee dated 28th August 1951 (copy enclosed).

In view of the decision of the said Standing Committee (Town Planning and Improvements) the draft final declaration statements both in English and Kannada in duplicate have prepared and enclosed herewith for favour of kindly arranging publication in the Official Gazette.

The estimated cost of acquisition amounting to Rs. Rs.103-8-0 will be met out of the Corporation Funds under "F.A Special Expenditure" in the current years budget.

I request that sanction of Government may kindly be obtained for the said acquisition authorising me to take order for the acquisition of the property under section 7 L.A.Act.

The Compiler, Mysore Gazette, may be requested to send 20 spare copies of notifications of each set to this office as usual.

Forwarded with compliments

(B V Lankappa).

To

The Commissioner & Land Acquisition Officer,
Corporation of Bangalore, Bangalore

Dear Sir,

Subject -Your No L1 P R.21/51-52 dated 6-2-52 with notification regarding acquisition of portion of Door No.4, Benson Road, Civil Station, Bangalore, for improving the junction of Benson Road and Harris Road

-ooo-

In acknowledging receipt of the above on 9-2-52, I have to bring the following facts to your kind notice.

Mr Saidar Hussain, the then Commissioner, informed me about the proposed alteration to the corner of my wall during his last inspection of the site on 4-4-51 and so I had the opportunity of explaining the whole situation to him and he promised to consider my case and soon afterwards I sent my appeal to him on 27-6-51 for his kind consideration, just then he left on transfer. It is not known what action he has taken on it, and now I have received your notice under reference as such I have no other alternative but to renew my previous appeal of 27-6-51, copy enclosed for your ready reference and also a sketch showing the proposed alterations in which I have explained the whole situation and you can gather the following facts -

1. If the island is shifted to the centre, as it was intended, where is the need to interfere with the corner of my wall, when there would be ample clearance for the moving vehicles on both sides of the Island, and moreover the alignment of the road on my side of the wall is perfect and takes a good round at the corner, this is proved by the fact that though the island is in its old position and close to the corner, the vehicles go round easily and when this island is shifted to the centre, there would be ample clearance that is all that is required

   There are hardly any vehicles moving now, as the Military camp at Baiderhalli is completely removed and this junction has become unimportant from the traffic point of view, as such there is no need to have a very wide road on either side of the island

Under the above explained circumstances, the proposed acquisition of my land becomes unnecessary. It will not only be a waste of public funds on an unnecessary work, but it will also cause great inconvenience to me If the proposed acquisition had been really necessary, I would have been the first to offer my land for the purpose, since it is not so, I object to the proposed acquisition

Yours faithfully,
Sd/-G M.Martin
